

Megan Vidal

Business Development, Energy Systems & e-Mobility, UL LLC

Megan Vidal has been with UL 5 years and has served as both a Sales Executive & Business Development for Energy Systems & e-Mobility. Her role includes developing new programs and services for the Energy Systems and e-Mobility group focusing on Batteries, Chargers, Drones, Energy Systems, & Personal e-Mobility. Working with a collaborative approach, she's guided industry and the market with accelerating innovation through a demonstrated track record of performance, reliability, and/or safety. Megan enjoys serving her clients with excellence and helping to protect their brand equity utilizing UL's ability to help the market with trade and regulatory issues.
