

Silvia Lai
Consumer Supervisor, Regulatory Research & Protocol Development

Silvia has over 10 years of experience in regulatory research and product testing and certification and she is part of the Global Regulatory Affairs Team in UL's Consumer and Retail Services, managing the EMEA Region.

Silvia is focused on regulatory and technical updates related to the identification and interpretation of the regulatory obligations that may affect companies, particularly with regard to chemical restrictions and duties that apply to consumer articles (including toys, childcare articles, textile/leather articles, jewelry).

Silvia holds a Master's degree in environmental sciences (Milan University).
